EDITORIAL COMMENT

Have you tried an oyster yet?

It is fall, but the straw hat still reigns.

Camp Taylor opened yesterday with few Louisville troops as the first units to arrive.

The former Czar's brother, Grand Duke Michael and his wife, have been seized in Russia as plotters.

The war tax bill unamended provides a tax of about one-third on war profits above 300 per cent.

The Kentuckian needs another master, possessing an all-round knowledge of the business.

Editor V. L. Spalding, of the Union Telegram, announces the arrival of his sixth child, a daughter.

Earl Down, a Louisville negro who failed to register, said he preferred quiet jail to a battlefield."

Monday night's air raid was much more serious than first reported. Eighty-four suffered most, and 107 were killed and 86 wounded.

W. H. Morris, attorney general by appointment, will have no opposition in the November election, an unusual honor.

J. T. Whitney, a colored lawyer, has announced his candidacy for the non-partisan nomination for police judge of Hopkinsville.

Amendments down to 50 per cent. have been voted down by the Senate considering the war taxes of big corporations. The last was 52 to 18.

A general order was issued Tuesday to indicate the War Department's intention to apportionate negro troops evenly, where possible, in all contingents, with one regiment to each.

T. L. Hilton, a mountain farmer of Carter county, East Tennessee, has four sons in Company G, the Elizabethton company of the third Tennessee regiment of infantry.

The white and negro conscripts all go to the same camps but will be assigned to different regiments. The new white officers have all been asked whether or not they were willing to command negro troops.

Uncle Sam was the only buyer on the wheat market at Chicago Tuesday. He bought at his own price of 2.20, fixed by the President. A little spot wheat sold at a slight advance, while a Food Administration representative issued a warning that there would be no repetition.

A German officer taken prisoner in France would not believe that America intended to send troops to France. He was conducted to Gen. Pershing himself. Then big tears rolled down his cheeks and he remarked: "Since that is the case, it is all over. We are lost."

Raid has been made on England three nights in succession—Sunday, Monday and Tuesday. The 107 victims killed Monday night were all but one naval men at Chatham. Tuesday night's casualties were not reported yesterday, but one machine reached London.

The postoffice department rules that F. J. Laswell, postmaster at Owenton, Ky., must make good the \$100 of Chas. Barbour, his regular clerk, who has confessed to owing \$7,350. His bond is only \$1,000, and Laswell must pay \$6,350. His salary is \$3,200.

Miss Ora Summerhill, of the country, was operated upon yesterday morning.

Dr. P. M. Shelton underwent an operation on Tuesday.

Little Billy Woodbridge and Missie Waller submitted to slight operations yesterday afternoon.

M'CONNELL'S GREAT LECTURE

On "The Devil and The Kaiser" To Be Repeated Sept. 10.

Lincoln J. McConnell, the lecturer who made such a hit in June with his lecture, "The Devil and The Kaiser," has been induced to return to Hopkinsville and repeat the lecture next Monday night. At the time he spoke, local conditions interfered and his crowd was small. This time he speaks at the Tabernacle and a larger crowd is provided for and the universal desire of those who missed before will no doubt make the attendance very large. The lecture is a wonderful presentation of war conditions and Mr. McConnell is an orator of the highest class on the lecture platform.

BOND AND GOLD

Coins For Patriotic Essays by Children.

Washington, Sept. 3.—The National War Aid announced from its headquarters here today a prize essay for children between the ages of 8 and 18 on the topic, "Why America Entered the War." The prizes include a \$50 Liberty loan bond and gold coins of \$25, \$15 and \$10, respectively. The only restriction is that the contestant must be a relative not farther removed than third cousin of some man serving his country in the war. The writing of one "cheerful" letter a month to a service relative is one of the requirements.

Down to Work.

The total enrollment in the city schools upon the opening day was 1,162, a considerable decrease over last year. This will be made up as late pupils come in. The figures of the various schools were:

	Boys.	Girls.	Total
Belmont School	159	159	318
Virginia Street	141	145	286
West Side	126	132	258
High School			300
Total			1,162

Superintendent Marion has announced that this year the schools will open at 8:45 a. m. instead of 8:30 as heretofore. The primary grades will close at 2 p. m. and the other grades at 2:10 p. m.

Two Hopkinsville Boys.

Ed Danforth, of Atlanta, has given up his newspaper position and gone to Newport, R. I., to the U. S. Yeoman School. His position at Atlanta was tendered to Thomas Underwood, another Hopkinsville boy, on the Lexington Herald, but he has turned it down and will stay in Lexington.

Quick Promotion.

Since going to Camp Taylor, Second Lieutenant Robt. L. Wright has been promoted to Captain. It didn't take the officers there long to recognize the merit of this young Hopkinsville soldier-banker. And there are other Hopkinsville boys who will not have long to wait.

WHISKY AND TOBACCO

Report Shows Nation-Wide Prosperity--Cigarette Habit Growing Among Women.

Washington, Sept. 5.—All previous American records for consumption of whisky, cigars, cigarettes and tobacco apparently went by the boards during the past fiscal year. The preliminary report of Commissioner of Internal Revenue Osborn covering the twelve months ended June 30, made public, shows record tax collections on these and other articles.

Here are the grand totals of production upon which taxes were paid:

Distilled spirits from every source; rye, corn, wheat, apples, peaches, pears, pineapples, oranges, apricots, berries, figs and cherries, 164,665,248 gallons, an increase of 26,000,000 gallons over the previous year, yielding a tax return of \$186,563,065; cigars of all descriptions and weight 9,216,901, 113—approximately 90 per capita—as compared with 21,087,757,78, an increase of more than 40 per cent. Tobacco, chewing and smoking, 445,563,206 pounds, an increase of 28,500,000 pounds.

Germans made another air raid on
South England Monday night, with
minor casualties, including one killed.

The Berlin Blaetter refers to Presi-
dent Wilson's note as pompous and
flowery and voicing England's preju-
dices.

Conscripts are advised to wear their
old clothes that may be thrown away,
to take changes of underclothing in
bundles, as suit cases will not be al-
lowed, and before starting to get a
close hair cut and take a bath.

Tennessee now has a drastic anti-
cigarette law that imposes a penalty
of \$50 for selling cigarettes in the
state or bringing them in for any pur-
pose. The Memphis authorities have
ordered the strict enforcement of the
law.

The abandonment of the port of
Riga gives the Germans an open road
to Petrograd, 300 miles distant, if they
should brave the rigors of a Russian
winter to lengthen their lines. The
occupation of Riga gives no particular
military advantage. It may even
prove of benefit by making the rad-
ical element see the necessity of co-
operating with the government.

According to the most reliable au-
thority, says an Amsterdam dispatch,
the next session of the German reich-
stag will be devoted exclusively to the
question of peace. The majority has
decided to challenge the statement of
the government regarding the mini-
mum peace program, and it is said
the government will yield with a view
to peace negotiations before Christ-
mas. The German government, ac-
cording to this authority, favors the
plenipotentiaries meeting either at
The Hague, at Berne, or at Copenhagen,
but preferably at The Hague.

From Three Years' Suffering.
Cardui Made Her Well.

Texas City, Tex.—In an interesting
statement, Mrs. G. H. Schilt, of this town,
says: "For three years I suffered untold
agony with my head. I was unable to
do any of my work.

I just wanted to sleep all the time, for
that was the only ease I could get, when
I was asleep. I became a nervous wreck
just from the awful suffering with my
head.

I was so nervous that the least noise
would make me jump out of my bed. I
had no energy, and was unable to do
anything. My son, a young boy, had to
do all my household duties.

I was not able to do anything until I
took Cardui. I took three bottles in all,
and it surely cured me of those awful
headaches. That has been three years
ago, and I know the cure is permanent,
for I have never had any headache since
taking Cardui. . . .

Nothing relieved me until I took Cardui.
It did wonders for me."

Try Cardui for your troubles—made
from medicinal ingredients recommended
in medical books as being of benefit in
female troubles, and 40 years of use has
proven that the books are right. Begin
taking Cardui today. NC-134

About Cousins.

The children of brothers are called
cousins, cousins german and first or
second cousins. Often, however, the
term second cousin is loosely applied
to the son or daughter of a cousin
german, more properly called a first
cousin once removed. A first cousin
once removed is the first cousin's
child; a first cousin twice removed is
the grandchild of one's first cousin; a
second cousin once removed is the
child of one's second cousin. A first
cousin once removed is sometimes
called a second cousin, followed by a
third, fourth, etc. The relation of an
individual to his father's cousin is that of
a first cousin once removed, and his
relation to his father's cousin's
child is that of first cousin twice re-
moved, or third cousin.

Nebuchadnezzar's Claim to Fame.

Babylon is dust and cities of Eden's
plains are heaps of dust. With these
cities to oblivion went a long line of
illustrious kings, mighty warriors who
left inscriptions of tribal wars, which
they fondly fancied had shaken the
domes of heaven. But the only Babylonian
king whose fame grows brighter
with the lapse of centuries is Nebuchadnezzar,
whose claim to glory rests not upon
browess in international brawls, but upon
marshalling and directing the
greatest, most practical building force
that his time knew. Other kings
caused tablets to be reared telling of
the thousands they had slain. Nebuchadnezzar
stamped upon bricks the
pregnant fact that he built as no king
ever built before.

Just Another Name for It.

People who detest gossip call it

Simple Style in Siberia.

Petrograd, Sept. 5.—Nicholas Romanoff, the former Emperor of Russia, and his family are now living in a thirteen-room apartment on the second floor of a large, old-fashioned house at Tobolsk, Siberia, according to reports just reaching Petrograd. Nicholas and the former Empress each have a room, two room have been designated for the four daughters and one for Alexis, the former heir-apparent. The other rooms, except the dining room, kitchen, reading room, etc., are occupied by the servants. The house is without a garden and the only way of getting fresh air is from a small balcony. Mayor Thompson presided.

Mayor Sat Upon.

Chicago's City Council, sitting as a committee of the whole, at the end of a turbulent four-hour special session, adopted by a vote of 42 to 6 a resolution praising Gov. Frank O. Lowden for his action in overriding Mayor William Hale Thompson by refusing permission to the People's Council of America for Democracy and Terms of Peace to meet in Illinois and urging the State's Chief Executive to prevent any meetings in the future which may be inimical to public safety or disloyal or treasonable to the United States. Mayor Thompson presided.

Mr. Gerard's Revelation.

A chain of causes which aroused President Wilson and his cabinet to the need for action against Germany is gradually coming to light in statements made by James W. Gerard, former ambassador to Berlin.

In an address at Minneapolis, Mr. Gerard told of a conference which he had with the kaiser in which the kaiser said: "I'll stand no nonsense from America after the war. America had better look out."

The former ambassador also told of plans which Germany had made against the United States at the time the kaiser's government was pretending in diplomatic messages to be friendly with this country. Admiral von Tirpitz, he says, advocated declaring war against America. Germany, the admiral contended, could then collect indemnities from the United States to pay all her debts, after she had whipped England by ruthless submarine warfare and had taken over the British fleet.

Summing up the case against Germany, Mr. Gerard said: "We must win this war, for if Germany wins, she will be over here. If we fail to defeat the blood-thirsty autocracy, life and honor are of no value."

He denounced the work of the pro-German clique in this country and pointed out that if Americans now in Germany printed attacks on Germany similar to the attacks on America printed by Germans in this country, they would be promptly placed before a firing squad and shot.

"There will be an awakening here," said Mr. Gerard, "after the first American blood has been spilled on the firing line. The mothers and sweethearts of the victim will lead these pro-German publishers from their offices and demand that they pay penalty. We are out to win and we will, despite the traitorous, bribe-taking minority that would, with their poisonous propaganda, hamper progress of the majority."

German propagandists have already obtained too great a footing in this country. The safety of the nation is at stake and alien enemies who are unable to refrain from doing hostile things should be dealt with as swiftly and sternly as German enemies on the battlefield.—Evansville Courier.

Young Kentucky Giant.

Kenner Keeler Kaiser, of Kinserton, Ky., 22 years old, a citizen of the United States, and a product of the Bluegrass, enlisted August 24 in the U. S. Navy to fight the autocrat who bears the title, which he says is a disgrace to his name.

Kaiser is apparently capable of defending the flag as well as his name, as he is the most perfect specimen of a man enlisted in Louisville since the campaign for recruits has been started. He measures 6 feet 3½ inches in height, weighs 190 pounds stripped and has a chest expansion of 5½ inches. The examining surgeon, Dr. H. C. Weber, M. R. C., U. S. N., who is only 5 feet 4 inches, was compelled to use a stepladder in order to carry out the proper examination.—Times.

Child Returns a Soldier.

Cleveland, Ohio, Sept. 5.—Thos. F. Patterson, 27 years old, traveled 6,000 miles to register and be drafted. To-day he is a certified member of the national army and will go to the first war camp. He has been in India 21 years.

First Death.

The first death at the hospital at Camp Taylor occurred Sunday morning when Harry Gale Brock, 21 years old, of Sanders, Ky., a member of Company I, 159th Infantry, succumbed to an attack of intestinal obstruction.

**I'll Give \$50
On Your Boy's
Military Training**

To further do my "bit" for my country and some good, worthy boys, I'm going to give \$50 toward the military training of each of 10 more boys who attend the Columbia Military Academy, of Columbia, Tenn., on my recommendation. I have already given up one of my partners to my country's service. He goes as a commissioned officer because of the thorough training he received in this school.

Your boy can be one of these ten if he is between the ages of 14 and 19 and has passed the Seventh Grade in the Public School. He is certain to have to see military service. In this school he will be fitted for a commissioned officer, with the good pay and chances of promotion of an officer.

He will be under the supervision and instruction of such noted educators as Dr. H. Landrith, Col. O. C. Huvey and others of national note. His board and tuition for the first year will be only \$470. I pay \$50 of that. Books, clothing, etc., should not exceed \$75 or \$80. Write me at once, giving age, schooling and two references, and I will forward catalogue and fuller particulars. THOMAS E. BASHAM, President, Thomas E. Basham Co., Inc., Advertising Agency, Louisville, Ky.

RED CROSS WARNING

Washington, D. C., Sept. 3.—Because of the growing misuse of the Red Cross emblem commercially, the American Red Cross has just issued a new warning to those who may be violating the law regarding it. While much of this misuse of the emblem is unintentional and through excessive zeal, the national Red Cross can no longer acquiesce in these violations, many of which have been and are of a serious nature.

Under the statute, the Red Cross emblem can only be used by authority. It cannot be used in the manufacture or sale of Red Cross buttons or pins except upon such authorization. Many novelty manufacturing houses and stores, taking advantage of the great increase of popular interest in the Red Cross, as well as the growth in membership to nearly 4,000,000, have put on sale large quantities of Red Cross pins, postcards and devices. An equally common abuse has been on the cover of patriotic songs and popular magazines.

SETS 2½ FOR PAPER.

Washington, Sept. 3.—In an order which newspaper publishers declare will serve as an important precedent, President Wilson has fixed a price of 2½ cents on newsprint paper for its use in publishing the government's daily official bulletin. The order fixing the price was issued by Secretary Baker at the President's direction under the national defense act, which empowers the government to commandeer supplies needed for war purposes. It was directed to the International Paper Company, which has declined to furnish newsprint for the bulletin at less than three cents per pound.

Newspaper publishers who learned of the order today voiced the hope that it might open the way to cheaper newsprint to publishers generally. They called attention to statements by the President that the administration's war price policy would be one that provides that the same prices that obtain for the government shall be enjoyed by the people.

Mrs. Wm. Kimmons and Mrs. Lee Watkins went to Nashville yesterday.

Two Ladies Hurt.

Mrs. A. L. Berry stumbled over a suit case in her hall Monday and sustained a very serious fall. Several ligaments were strained and bruises of a painful nature have kept her in bed ever since. Yesterday her condition was improved.

Mrs. F. P. Thomas fell upon the stair steps of home on South Main Tuesday evening, severely spraining both of her ankles.

Brightening Up Bethel.

The bedrooms in Bethel College are undergoing extensive repairs preparatory to opening the session Sept. 19. New pupils are being enrolled every day and they will find all the rooms in apple-pie order. The nine large rooms on the second floor are having all necessary repairs made, the floors painted, the furniture varnished and new druggets have been ordered for every room. The third floor rooms will be furnished throughout by voluntary donations under the directions of a committee of the alumnae.

Will Try Alleged Deserter.

Ernest Sanders, of Clarksville, a member of the Hopkinsville Company of the Third Regiment, at Camp Stanley, was taken back to the camp at Lexington Tuesday by Sergt. Marquess and placed in the guardhouse on a charge of desertion. Sanders is alleged to have deserted last Thursday and to have gone directly to his home, where he was located by the officers. He will be tried by court-martial.

Wilson Tells Pope Peace With German Autocracy Cannot Be Considered.

KAISER NOT TO BE TRUSTED

President's Sweeping Embargo Proclamation a Severe Blow to the Teutons — Russians in Council Agree to Continue War — Italians Keep Up Drive on Trieste.

By EDWARD W. PICKARD.
There can be no peace with the emperor of Germany and the German autocracy because no reliance can be placed on their pledges unless explicitly supported by the will of the German peoples themselves.

Such is the gist of President Wilson's reply to the pope rejecting, on behalf of the United States, the peace proposals made by his holiness. It was delivered at the Vatican Tuesday and was regarded as the reply of all the nations leagued against the central powers.

Mr. Wilson's note is the climax of the series of magnificent state documents in which he has set forth the claims of world democracy and is another stirring indictment of the autocratic government of Germany. It asserts that peace on the terms proposed by the pope would only give Germany time to recuperate for a renewal of its "furious and brutal" policy by which it seeks to dominate the world; would make necessary a permanent hostile combination of nations against the German people, and would result "in abandoning the new-born Russia to the intrigue, the manifold subtle interference, and the certain counter-revolution which would be attempted by all the malign influences to which the German government has of late accustomed the world." Again the president makes it clear that America is making war without desire for gain or revenge, and does not seek the infliction of punitive damages, the dismemberment of empires or the establishment of selfish and exclusive economic leagues; but he says no man, no nation could depend on treaties or agreements made by the present German government and "we must await some new evidence of the purposes of the great peoples of the central powers."

German People See the Light

It is thus made evident that a great change in Germany's form of government, involving the fall of autocracy, is requisite to peace negotiations, and that the German people themselves are becoming convinced of this is shown by the developments of the week in their struggle for democratization and parliamentarianism. Not since the war began has there been such freedom of speech and of the press as now exists, and correspondents report that there is now a solid political block in the reichstag in favor of effective guarantees that the imperial government no longer shall make vital decisions without the full knowledge, advice and consent of the representatives of the people.

It is considered likely that Austria and perhaps Bulgaria and Turkey will soon declare war on the United States, because of the loans our government has made to Italy and other nations that are at war with the kaiser's allies. Diplomatic relations, of course, were severed long ago, and Uncle Sam can contemplate with serenity a declaration of war because it will really serve to free him from some embarrassments in the combating of spy work and other activities of those who have been his actual if not avowed enemies.

Embargo is Blow to Kaiser.
One of the most serious blows the kaiser has yet received was delivered by President Wilson at the beginning of the week when he proclaimed an embargo that gives the United States

absolute control over its exports. It prohibits the export of all articles of commerce to enemy and neutral countries, but it is the intention to care for the needs of neutrals, by licensing shipments of such exports as can be spared after the wants of the United States and its allies have been supplied. A large number of commodities are added to those named in the original embargo order, including fats of all kinds, other foods, construction materials and other articles necessary to the successful prosecution of the war by this government; also gold, bullion, currency and evidences of indebtedness—this in order to conserve the immense store of gold that has been accumulated by the United States in the last three years.

In a statement accompanying the order the president said:

"The purpose and effect of this proclamation is not export prohibition, but merely export control. It is not the intention to interfere unnecessarily with our foreign trade, but our own domestic needs must be adequately safeguarded and there is the added duty of meeting the necessities of all the nations at war with the imperial German government.

"After these needs are met it is our wish and intention to minister to the needs of the neutral nations as far as our own resources permit. This task will be discharged without other than the very proper qualification that the liberation of our surplus products shall not be made the occasion of benefit to the enemy, either directly or indirectly."

Kerensky Wins Support

The Russian national council in session in Moscow promises at least to clarify the situation there and definitely line up the forces that are striving to gain control in the new republic. Premier Kerensky admittedly is anxious as to the future, but has stated flatly and fearlessly the position of the government of which he is the head and leading spirit. He warned those who thought the time had come to overthrow the revolutionary power with arms that his patience had its limits and that those who went beyond them would have to settle with a government that will make them remember the time of czardom." He continued:

"We shall be implacable, because we are convinced that supreme power alone can assure the salvation of the country. That is why I shall oppose energetically all attempts to take advantage of Russia's national misfortunes, and whatever ultimatum is presented, I shall subject it to the supreme power and to myself, its head."

Then came Commander-in-Chief Korniloff with a dramatic speech in which he declared that restoration of the death penalty, stern discipline and unlimited supplies were necessary to restore the morale and fighting spirit in the armies. General Kaledines, leader of the Don Cossacks, followed with a resolution adopted by the Cossacks demanding, for the salvation of the country, the continuation of the war in close union with the allies until complete victory was attained.

These and other speeches checked the plans of the discontented, and the leaders of all factions united in declarations that Russia must continue the war and that everything possible must be done to strengthen the provisional government.

Whatever the United States can do to relieve the more pressing of Russia's needs will be done. This President Wilson pledged anew in a message to the national council in which he assured the government every material and moral assistance that the people of this country can give will be given.

The reading of President Wilson's message by Premier Kerensky brought the entire assemblage to its feet with wild and prolonged cheering.

Great Work by the Italians.
General Cadorna's brave Italian troops continued their successful drive against the Austrians throughout the week, gaining more ground and more glory each day. No one who does not know the country or who has not at least seen the moving pictures showing the warfare in the Alps has any conception of the difficulties that confront an advancing army on this front. It is a perfect region for defensive fighting, and now that the Italians

have shown the determination and ability to go forward, the alarmed Austrian commanders are hurrying great numbers of troops to the fighting lines and their resistance is increasing. Some of the heaviest fighting of the week took place on the Balnizza plateau, where the Italians pushed steadily eastward toward the Upper Carniola border and Ljubljana. At the same time Cadorna's men have been making considerable progress in their advance on Trieste on the Carso front, though details of this movement were withheld by the Italian war office. On Wednesday it was reported that practically all civilians had evacuated Trieste.

The German crown prince has been keeping up his continual counter attacks on the French in the Verdun sector and on the Alsace front, but has been repulsed in every instance, losing great numbers in killed, wounded and especially prisoners. The scene of bloodiest fighting about Verdun shifted to the east bank of the Mense, where the village of Beaumont was the center of desperate combats. At Dead Man hill, also, the Germans made repeated attempts to regain the positions they had lost.

With bulldog tenacity the British hang on to parts of Lens they had captured, and consolidated them despite almost daily and nightly attacks by Crown Prince Rupprecht's forces. Though heavy rains hampered operations, the English took some more positions east and southeast of Langemarck in the direction of Poelcapelle.

On the Eastern Front

The advance of the Germans in Romania, Galicia and in the region of Riga slowed up very considerably, and what little news came from those fronts indicated that both the Roumanians and Russians were putting up a creditable fight, except in the region of Fokshan. Perhaps they cannot keep the foe out of southern Russia, but even so the possession of that fertile region would help the Germans little because of the wretched transportation facilities westward. What Germany needs now and is going to need much more in the near future is food, and that cannot be carried long distances inland without railways.

A modification of Germany's policy toward neutrals is indicated by her backdown in the negotiations with Argentina. She has promised indemnity for the destruction of the steamship *Toro* and virtually pledged the freedom of the seas to vessels flying the Argentine flag.

America's Heavy War Bill

More than nineteen billion dollars will be required to run the government during the fiscal year 1917-1918, according to the statement of the house ways and means committee made last Monday. This is about fifteen times as much as for an ordinary year. Chairman Kitchin said the loans to the allies would aggregate \$7,000,000,000, the shipping bill will require about \$1,000,000,000, and the other expenses of the government will bring the total to about \$10,300,000,000.

The finance committees of the house and senate have tentatively accepted the recommendation of the treasury department that the proportion of this sum to be raised by taxation to that raised by bond issues shall be about 8 to 7. All but \$2,000,000,000 of the money to be raised is provided for in bills already passed or now pending before the senate or before the house committee.

President Wilson has approved Secretary Daniels' estimates for the construction of a great fleet of destroyers, for which congress is asked to authorize the expenditure of \$350,000,000. The destroyer seems to be the best weapon yet devised to combat the submarine.

Apparently in no way related to the murderous outbreak of colored troops at Houston is the warning issued by the Patriotic Education society, that the Germans are conducting a propaganda in this country to start a general uprising of negroes against the whites, promising German aid and money to finance the insurrection and telling the ignorant negroes that when Germany rules America the blacks will have equal rights with the whites. The story is not so fantastic as it may appear and the society is said to have authentic information supporting its statements.

"A FEW THINGS ABOUT SILOS"

A silo is a sure sign of thrift.

Only the best farmers build them.

They save 40 per cent. of a corn crop.

Corn is now worth \$9.00 per barrel.

The stalks that produce a barrel of corn today are worth \$3.60 if put into a silo.

When you allow these stalks to dry up on the hill for fodder you lose about \$3.00 for every barrel of corn you produce.

You can't afford this awful waste.

If you raise a \$3.00 barrel corn crop you throw away \$900.00 by not converting it the stalk insilage.

It behooves every man in every business to save everything in times like these. The opposite course is not only foolish but wicked, for the world's food and feed supply is wholly inadequate.

We offer first class silos with plain lugs as follows:

10 ft. diameter, 24 ft. high	\$145.00
12 ft. " 30 ft. high	205.00

We offer 5 per cent. off for cash.

THIS OFFER GOOD AS LONG AS THEY LAST.

Will Study Law.

Robert Brumfield, who has been connected with the business department of the Kentuckian for the past four months has resigned his position and will leave for a law school this month to take up the study of law. He is the only son of Mr. and Mrs. L. O. Brumfield.

Spectacular Send-off.

With President Wilson, his cabinet, high Government officials and members of Congress marching at the head of a parade of drafted men from the District of Columbia, the nation Tuesday did honor to the members of the new National Army, which is now assembling. Aged members of Congress refused carriages and veterans of the blue and gray locked arms and marched throughout the procession. There were 10,000 soldiers and marines in line.

Delinquent Boards.

The failure of several of the Exemption Boards to file lists of accepted men on time will result in a general reconstruction of apportionments and many counties in the State will be called upon to send to Camp Taylor a larger quota on the first call than that fixed.
